

CHEAM MARCUDA SWIMMING CLUB

AIMS AND OBJECTIVES

Cheam Marcuda Swimming Club is a non-profit making club whose primary aim is to teach the skills of swimming and provide a framework for all swimmers to reach their full potential. The club ethos is built upon teamwork, good sportsmanship, self-discipline and self-esteem. It is hoped that each of our members will build upon these attributes in later life.

The aims of the club are:

1. To promote swimming as a sport to be enjoyed at all ages.
2. To provide the opportunity for all swimmers to reach their full potential.
3. To provide opportunities for swimmers to take part in competitions, at a level appropriate to their ability.
4. We aim to run a friendly club where all swimmers can enjoy their swimming.
5. To keep membership fees as low as possible to ensure that we are accessible to all who would wish to participate.
6. To celebrate all successes and achievements no matter how great or small and to encourage those who are struggling to achieve.
